San Diego County
ACADEMIC PERFORMANCE INDEX (API)
TOP Scores & Ranking for 2009-2010
(Released September 2010, California Department of Education)

These are the scores and rankings of all public schools in San Diego County. The API scores represent how well the students are learning basic skills. The table shows the following: DISTRICT, TYPE (i.e. elementary) SCHOOL IN DISTRICT & API – ranges anywhere from 200 to 1000 points on the basis of how well the students score on standardized tests. The statewide performance for all schools is 800. The 2009 Base API – shows the scores that were reported in March 2009, based on 2009 test results, sets targets for growth in the API from 2009 to 2010. The 2010 Growth API – shows the scores that were reported in August 2010, based on 2010 test results, and shows growth in the API from 2009 to 2010. The Growth – summarizes a school’s performance, the change from year to year.

Note: New schools, alternative, continuation schools and those with 100 or fewer students were not included.

** Means that CDE is currently reviewing the 2010 Standardized Testing and Reporting (STAR) and California High School Exit Exam (CAHSEE) results. CDE will either publish the API for this school or provide a specific reason for invalidating the API when the investigation is complete. Current scores in place are from 2008-2009 school year.

B Means the school did not have a valid 2009 Base API and will not have any growth or target information.

N/A In 2010, this school had fewer than 11 valid Standardized Testing and Reporting (STAR) test scores. No reliable Academic Performance Index (API) can be calculated with so few scores.

***** Means this API is calculated for a small school or LEA, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school or LEA was small in either 2009 or 2010. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

A Means the school scored at or above the statewide performance target of 800 in 2009.

B Means the school did not have a valid 2009 Base API and will not have any growth or target information.

This San Diego school rankings report is provided courtesy of:

San Diego County
SCHOLASTIC APTITUDE TEST (SAT) Reasoning
Scores for 2008-2009
(Released May 2010, California Department of Education)

Below are the average test scores for the County, Statewide & all the High Schools in San Diego County. It reflects Critical Reading Average, Math Average, Writing Average, and the total of all three averages. The majority of college-bound students in California take the SAT college admissions exam, now called SAT Reasoning Test. The test contains three sections with scores of 200 to 800, for a maximum score of 2400.

Please Note: Certain school districts/schools will not show up when the results are for 10 or fewer students.
